PEACE TREATY TO BE READY BEFORE EASTER—PICHON

French Foreign Minister Says Preliminaries Will Be Ready Soon

WEST BANK OF RHINE WILL BE NEUTRALIZED BY COUNCIL

French and Belgian Troops To Remain Till Huns Pay Bills

(Associated Press Telegram) Paris, April 3.—I have always thought, and think more than ever to day, that the peace preliminaries to be imposed upon Germany will be ready by Easter unless something unexpected arises," said Stephen Pichon, foreign minister, yesterday, in reply to questions at a banquet given by French republican journalists, according to the Matin.

The council of four has virtually decided, according to information from French sources, that the left bank of the Rhine will be neutralized until Germany has paid the indemnities fixed by the peace conference. It is understood that French and Belgian troops will hold this territory, the United States claiming it to be impossible to leave American troops in Europe after the signature of the peace treaty, and England having insufficient effective troops to maintain garrisons along the Rhine.

It is surmised that the visit of King Albert of Belgium to Paris was not unconnected with the share that Belgium troops will be asked to undertake in this territory.

The drafting commission of the League of Nations committee has finished work, but has not passed upon the French amendments to Articles VIII and IX, as well as American and Japanese suggestions as to the Monroe doctrine and the equality of nationalities. It is expected that the League of Nations committee will meet on Saturday to adopt a different text of the covenant. President Wilson will act as chair man of the meeting.

An appeal for the independence of Korea will be submitted to the peace conference before the end of the present week by a delegation headed by Kinsie Kimo, representing the new Korean Young Men's society. The appeal is declared to represent the unanimous opinion of the entire Korean nation as manifested by the present widespread "passive resistance movement." The document is accompanied by a long memorandum rectifying the alleged injustice and unpopularity of Japanese rule and the terms of the measure with which Japan is declared to be endeavoring to repress the national movement for liberation.

King Albert of Belgium, called on Colonel E. M. House of the American peace mission, this morning for a conference with the colonel before the king was due to pay President Wilson a visit in the afternoon. At this visit which was set for 2 o'clock, it had been announced that the interests of Belgium before the peace conference would be discussed with President Wilson and that King Albert would present a request why Brussels be made the seat of the League of Nations.

MAN HIT WITH SHOVEL, MAY DIE; ASSAILANT HELD

Fight on Monday Results In Arrest of John Copeland—Victim Didn't Call Doctor.

Hotting between life and death, with chances in favor of the latter, Henry Adams, aged 41, an employee of the Vehicle plant, lies at the City hospital with a fractured skull, while John Copeland, also an employee at the Vehicle plant, has been arrested on a charge of assault with intent to kill, preferred against him by Chief James Sheridan of the police department. In all probability Copeland will have to answer to the more serious charge of manslaughter before the day is over.

Adams and Copeland were assigned to shovel coals along the canal bank by Foreman Barlett on Monday afternoon and when they met, according to an eye-witness, Adams started the trouble by making slighting remarks to Copeland. There had been a grudge between the two men for sometime, the police were told, and they finally came to blows. Both were using shovels in their work and it is alleged that as Adams approached Copeland the latter in self-defense struck him over the head with his shovel. Adams fell badly injured and was taken to his home, 249 Jefferson street.

EDWARD KIBLER, ATTORNEY, DIES SUDDENLY TODAY

Prominent Member of Licking County Bar Dies While Sleeping

WAS FORMER SOLICITOR AND MEMBER OF COUNCIL

Held Several State Appointive Positions During His Career

Hon. Edward Kibler, 60, one of the most prominent attorneys at the Licking county bar, died suddenly at 8 o'clock this morning at his home, 179 Granville street. The cause of his death has not been determined. Mr. Kibler has been in ill health for more than a year and only recently returned from California where he went to recuperate his health. He was considerably benefited by his trip and while he had not regained his usual vigor he was feeling much better. He was able to be down street Wednesday afternoon and evening and for that reason the announcement of his sudden death came as a great shock to his friends. Death came while he was sleeping.

HON. EDWARD KIBLER

Mr. Kibler has resided in Newark practically all his life. He was born in Newark, February 6, 1859, being the son of Judge Charles H. Kibler and Mary Ellen, nee Kibler. His father, Judge Kibler was practicing lawyer at the Licking county bar for more than 50 years.

Mr. Kibler was educated in the public schools of the city and after completing his high school course, he entered Wooster University where he graduated in 1880 with the degree of A.B. and A.M. He continued his study of law and on February 7, 1882 he was admitted to the bar. Throughout his practice he was associated with his father until Colonel Kibler's death several years ago. Before that time, Mr. Kibler, son, Edward Kibler Jr., became a member of the law firm and the firm name of Kibler and Kibler has been continued.

While Mr. Kibler was busy with his extended law practice he was frequently honored with public office. He always took a keen interest in civic affairs and in politics.

He was elected a member of the city council in 1882 and a few years later he was chosen city solicitor in which office he served from 1891 to 1895.

He was for several years a member of the school board, being president of that body in 1912.

Mr. Kibler's legal mind was appreciated by the community.

U. S. FLAG RAISED OVER GERMAN FORTRESS FOR FIRST TIME

Stars and Stripes being raised over Ehrenbreitstein, German fortress, by Colonel McCabe of Seventeenth U. S. artillery, army of occupation, below, and part of Seventeenth drilling before fortress.

Another interesting chapter in the closing pages of the world war history was written when the American flag was raised over a German fortress. This is the first time in history that the Stars and Stripes has flown above a German stronghold. The flag was raised over Ehrenbreitstein, fortress on the historic Rhine. A part of the U. S. army of occupation now occupies the fortress and drills daily around it. Colonel McCabe of the Seventeenth U. S. artillery, which is quartered there, raised the flag the first time.

DO EUROPEANS NEED CLOTHING? READ THIS, THEN TAKE BUNDLE TO RED CROSS

Belgrade, March 17.—(Correspondence of the Associated Press)—American pajamas are now being worn as outer garments by tens of thousands of destitute men and boys in the Balkans. The American Red Cross has sent over a million suits to Serbia, Montenegro and Greece. The shortage of clothing throughout this region is so great that the poor are glad to get any form of covering. Bathrobes are being worn by the women who find it impossible to get cloaks. Women's coats are being worn by men and boys, for whom it is impossible to get male attire.

Discarded dress suits, old silk gowns, dilapidated bathroom slippers, out-of-date robes, all gathered by the American Red Cross from America's generous families and valued lightly at home, are seized eagerly by the poor of Serbia and Montenegro.

The Licking County Red Cross chapter is receiving gifts of used clothing to send to the suffering people of Europe. The bundles may be left at the Passman room in Hudson avenue, between Church street and the Presbyterian church.

HUNGARIAN HEAD IS EX-SECRETARY OF NICK LENINE

Success of Soviets Will Depend on Establishing Communication

SOME PREDICT END IN LESS THAN ONE MONTH

All Press Dispatches From Budapest Are Passed By Censor

(Associated Press Telegram) Budapest, Sunday, March 30.—(via Vienna)—Communist Budapest is orderly and the government is putting forth every effort to stabilize conditions. There are pessimists, however, who declare the government will endure less than a month, it being pointed out that its success will be partially dependent upon the success of the Russian Bolshevik army to establish a corridor from Kiev to Budapest by way of Bessarabia and Bukovina.

Dein Kun, the foreign minister, receives hundreds of telegrams of his official nature every day, among them being messages from Nikolai Lenin, the Russian Bolshevik premier. He receives newspaper men freely, but has ordered that their dispatches be censored. Kun, who was formerly a secretary of Lenin, is most anxious to deny reports relative to the communication of women in Hungary, which he declares to be "preposterous." He also denies rumors of assassinations and disorders.

Of the 24 members of the government, 19 are Jews.

SEES 8 MONTHS IN FRONT RANKS

Newark Soldier Was In Battles of Marne and Champagne Sectors — Says He Is Lucky.

L. D. Gall of the 115th engineers and grandson of William Gall of near Glenford, has been in France a year and was eight months on the front, most of the time being spent in the Chateau Thierry and Champagne sectors. He took part in most of the big drives and considers himself lucky to have come out without a scratch, as he lay flat on the ground many times to escape the flying shells. In the following letter, written to his cousin, Simon Cooper, he tells of the part taken by the engineers in the great battles and also of their work behind the lines which is most necessary as they keep the roads in good condition so the ambulances and supply trucks can reach the front. He says:

"One year ago today I landed in France and since that day much has happened and I have been in on most of the affairs that have helped to a certain degree to bring about peace that will soon be ours.

"I first went to the front in the early part of April. On the Lorraine front we later learned was a quiet sector. We moved to the Champagne sector with the French. Spent about ten days there until the great German offensive of July 15th opened on us. The Rainbow division being the only American division on the sector with the French, we were under General Gourard's orders, stand or die. Some did both, but for the greater part most of them stood. Things looked bad until the afternoon when the bombardment ceased. Our front line trenches were blown to pieces. That was no loss as the infantry were placed in the second position, thus saving thousands of lives. Fighting continued until the allies commenced the counter attack. Then the enemy was hard to find. We

L. D. GALL.

left Champagne for the famous Chateau Thierry front, sleeping in the woods, bunk holes, etc.

"The engineers have many duties to perform. When called upon must go 'over the top' with the doughboys, cutting wires, assisting tanks, fighting and etc. While there are always platoons left to keep the woods in condition so ambulances, ration, etc. can reach the front. The engineers have many 'side lines,' such as building dug-outs, and stringing wire, etc.

"We took up the chase near the Ome river, crossing the Vesle and on until we were relieved, making ready for the St. Mihiel drive which is his story as is the Argonne Meuse fighting.

"When November 11th came we were back from the front while our artillery and infantry were up. Sedan had been taken but a few days before. Then came the long, tedious hikes into Germany.

"Perhaps you have the knowledge that in our division is the 168th division from Ohio, they being in our brigade, so the 16th New York and Ohio fighters are very close together.

"I have seen much and endured some, although I was fortunate in not being wounded. Times came when a fellow would have sold out for a dime, but now that it is over nothing and by the experience. Speaking of loitering close to mother nature, I must say I have kissed her countless times, just dodging those G. I. cans that the Hun insisted upon sending over. The most troublesome to me that the square heads had to offer were the bombing buzzes coming over at night. They all sound like they are directly over you. You are in bed (not the honest-to-goodness-kind) praying that the engine on the buggy don't break and let a few bombs fall, sending you to help make the fire hotter for Wilhelm II or to heaven.

"The Germans used gas a great deal, but it grew less effective toward the end. Many were gassed but they were within a short distance from the shell machine gunfire and shrapnel did the damage. However we had the satisfaction of knowing that if any Boche would stay long enough for the artillery to fire a few rounds, said Boche could still be in the neighborhood, but it would take a basket to gather him up in. Should he escape the fire of the guns he came in contact with fighting infantrymen and then the German prepared for his entrance into another world or hell (kammerad).

"Everything is going along nicely now that we have been placed on the April sailing list. Perhaps in May we will be back in civilian life.

"The United States deserves a great deal of credit for the great victory and so does every one who by acts of sacrifice, large or small, helped to win the great struggle. There were long periods of credit for every true American who sacrificed. I look forward to my return with great pleasure.

"Tomorrow I am coming up the Rhine to Cologne. I have visited Cologne East. I spent 24 hours in the city of Paris. It is such a fine place."

"The Border Legion."
It meant death for any Rocky Mountain prospector to even attempt to trail a band of desperadoes in the days when gold came fastest, as Zane Grey so vividly describes it in her gripping story, "The Border Legion," a picture of which, starring Blanche Bates and Hobart Bosworth, will be presented by Goldwyn at the Auditorium theatre, beginning Friday. For years these wolves of the west

have piled their nefarious trade with out fear of being apprehended. There were sheriffs who dared to give chase after the plunderers, but not one of them ever returned to camp. A thrilling scene in "The Border Legion" is illustrative of the free rein the bandits had in the days of Forty-nine. Joan Randall is engaged to Jim Cleve. She is forced to break with him because of his shiftlessness. Jim seeks revenge by joining a bandit band, that has long preyed on the mining

camp. The following day the pony express is held up and robbed of a fortune in gold. Joan is heartbroken at the news that Jim has become a bandit, and accompanied by one of the miners sets out on horseback in search of him. On the way they are stopped at the point of a gun by Jack Kells, leader of the thieving border legion. When her companion attempts to wrest Joan from Kells' grip the bandit leader hurls him to the ground and then shoots him, believing the pair have come to learn the whereabouts of the band that robbed the express.

"The Fight for Love."

Refusing to marry a girl to the wrong man because he knows that man is guilty of murder, the priest, in "The Fight for Love," coming to the Auditorium theatre Sunday, turns the course of events in favor of Cheyenne Harry, ex-cattle rustler and fier from justice. But just this turn of events meant everything to Cheyenne Harry, for it enabled him to win the love of the glorious Canadian Kate, and to prove his innocence of whiskey running. A picture more vibrant with life cannot be imagined than this one, whose setting is the great Canadian woods, where

"The Heart of Humanity."
Alas! Le pauvre coute! He is shown up! In "The Heart of Humanity," Dorothy Phillips most spectacular production which Allen Holubar has made into a throbbing human interest film of the greatest of world conflicts, this military pest is exposed in all his infamy.

Director Holubar in this master-cinema made at Universal City, watchful that realism should be present in every phase of its application to the colossal struggle overseas, has not forgotten the comic and those who view the forthright production will have full opportunity to become acquainted with the habits of the so-called "pants rabbit." "The Heart of Humanity" will be seen at the Auditorium soon.

"The Auctioneer."

The season's most important event at the Auditorium will occur Thursday, April 10th when David Belasco will present David Warfield in a revival of his first great success, "The Auctioneer." Since the production of this Lee Arthur and Charles Klein character comedy at the old Bijou theatre, New York, seventeen years ago, have elapsed. It was David Warfield's first venture on the legitimate stage under the Belasco banner, and marked the beginning of this actor's rapid rise to fame. The occasion should be a happy reunion for both the older and younger generation of theatre-goers, for all will be enabled to witness this great artist in a role that commands the love and sympathy of all. Affectionate old Simon Levi, the Hester street second-hand dealer and auctioneer, was the first of Mr. Warfield's notable creations and without a doubt it ranks as one of his greatest achievements. Certainly it is the characterization that seems to appeal most to the popular fancy, if the ovations that are being tendered this beloved artist everywhere this season, are any criterion.

The story of "The Auctioneer" is familiar to most theatregoers. Though it all shines the same delightful character created years ago by Mr. Warfield, a remarkable portrait of a Jewish peddler who has, since the days when he peddled for his bread and butter, accumulated a considerable fortune, only to lose it through an unscrupulous brother. This misfortune compels him to again return to the simple life of a street peddler without losing any of the finer character which he possesses.

In Mr. Warfield's supporting cast season are several players who shared in his triumph when "The Auctioneer" was first brought out. Marie Bates is again appearing in that delightful role of Mrs. Egan, while some of the other well-known names are Louis Hendricks, Horace James, William Boas, Harry Rogers, Evva Craig, Guy Milham, Ethel Saxton, Helen Phillips, Rita Gropper, Edwin Caldwell, and Tony Bevan. Mail orders now being received.

ALHAMBRA.
Madge Kennedy and her supporting players in "The Kingdom of Youth," her latest Goldwyn Picture, spent a joyous evening at a fashionable Long Island summer resort, where several scenes in the production were taken. In the afternoon the Goldwyn star and her company made some scenes aboard a yacht anchored off Montauk Point and were given a scar when a naval seaplane swooped down and grazed the vessel.

The players were driven to the resort just before sundown and, at Miss Kennedy's suggestion, plans were laid to celebrate in gala style their narrow escape from injury on the yacht. Returning to the hotel, Miss Kennedy and her aids adjourned to the ballroom for two hours' work at scene-taking. The real program of fun and frolic began shortly after the scenes were photographed. The players remained in their "movie" finery and danced and sang until long after the midnight hour.

The ball room scenes will prove a distinct novelty to all who see "The Kingdom of Youth" at the Alhambra theatre beginning tomorrow.

In the sixth episode of B. A. Rolfe's super serial, "The Master Mystery," which will be projected at the Alhambra theatre today, last times, Houdini, the star of the picture, is shown opening a lock on a door without a key. It was during one of his European tours that the warden of a certain English prison challenged Houdini to escape. Houdini gladly accepted the challenge and forthwith presented himself at the prison for the test.

Houdini spent several hours working on that lock hours of physical agony, for it was winter time, he was stripped and the cement floor was like ice. He worked and worked, but he could not budge the lock. Finally, in desperation, he shook the door with all his might—and it opened.

In his excitement over challenging Houdini, the warden had forgotten to lock it.

"The Forbidden Room."

Patrons of the Alhambra theatre will bid a reluctant farewell to Miss Gladys Brockwell today, when she appears in "The Forbidden Room" for the last time. "The Forbidden Room" is a capital story and told in a unique way. It is a desperate fight of the good against the bad in municipal government, and in the end the good brings about the suppression of grafters in high office.

Thursday and Friday.
Bessie Love Demand, dainty and appealing young star, as "Carolyn May Cameron," heroine of Ruth Endicott's famous novel, pictured in five parts, is a character that will live long. She is so natural, so wholesome, so thoroughly worth while, to become acquainted with her is like letting in the sunshine. "Carolyn of the Corners" is a typical down east happy drama of the loving country of Maine, a delightful and appealing insight into the lives of a little understood community. Warm hearts lie beneath the cold exterior of the rugged New England country folk. A glad and happy picture, with an unexpectedly delightful ending.

TWO WAYS OF MAKING WAR.

The German and the American theories making war have been in striking contrast.

The Germans expressly defended their right to resort to all sorts of cruel barbarities. The more women and children we kill, the more towns are burned, the more property is destroyed, the more women are outraged and deported for slaves, the greater the terror of the populations against which we are fighting. The more we terrorize them by these beastly methods, the quicker they will yield. And the quicker they yield, the sooner the war is over, and the suffering stops.

Therefore, they argued, the more cruel and barbarous we are, the less suffering we inflict. Thus cruelty becomes in the long run the most humane method of carrying on war, because it ends the war the most quickly. The American theory of making war is a chivalrous one. It is to conform strictly to international law, to show all possible consideration for non-combatants, to have mercy on women and children, to succor the defenseless wherever possible. To the Germans such a theory of war making is mere weakness and softness of heart. You can never make successful war in any such nabby-pamby fashion as that, they said.

The German theory broke down in practice. The more barbarous they were, the more they excited the implacable anger of their adversaries, the more they drew in neutrals to fight against them. Every time they sent a Zeppelin over London and Paris to murder women and children, it brought thousands of men to the recruiting stations. This theory was thus proved to be the monstrous product of an overheated arrogant, and self-centered imagination. They defeated themselves by their savage acts.

American Chivalry has proved the most efficient form of war making. It appeals to the wisdom, the humanity, the justice and the common sense of the race, and wins adherents where barbarity creates new enemies.

Someone asks what will be the peculiar significance of the national holiday this year? Well, to some of the sports it is principally significant as the fourth day of the drought.

Although 95 per cent of the highway money goes for improvement of surfaces for motor traffic, 90 per cent of the people still have to walk on such sidewalks as there are.

The fake stock promoters don't sell many of their securities in the lastest districts, but the widow, orphan, school teacher element furnishes an unlimited market.

The modern type of sport is willing to back up local baseball this summer, provided the home team wins every game.

GERMANY SHOWING HER HAND.

The people who think that the German's have been sitting tight and doing nothing since they turned tail and ran, will have another think.

The latest development "over there," the giving of Hungary to the Bolsheviks, is of course "made in Germany." The Hun's thoughts now turn to the east. He has already destroyed all government, civilization and industry in Russia. His theory is to organize Russia industrially so that it shall be tributary to Germany. The Bolsheviks are merely his advance agents. It is their business to level all social structures and prepare the soil for the crop of German power.

If this situation is thoroughly understood, it can be met. Meanwhile the people here at home who were so confident that Germany could be trusted because she had on the surface adopted a democratic form of government, would better reflect that things are seldom what they seem.

UNMASKING THE SENATORS.

(Atlanta Constitution.)
When the peace treaty, with the league of nations plan, is submitted to the senate for ratification it will pull the masks off of those loud-mouthed senators who are now going about the country endeavoring to create public sentiment against the league proposal.

They have claimed that the league plan jeopardized the Monroe doctrine, and that it was a surrender of national sovereignty. These objections will be met in the peace conference. And an amendment has been adopted by the league of nations commission to protect this and all other nations against the influx of undesirable foreign immigration, thus safeguarding so-called "national sovereignty" so far as that phase of the question is concerned.

Another amendment which has been "definitely agreed upon" provides against any possible encroachment upon the Monroe doctrine, or any possible infringement upon the principles of international policies heretofore recognized.

Thus the two paramount points of the senatorial obstructionists have been cleared away. But they will find new features for criticism.

They are out to "beat the treaty," and they will leave nothing undone to that end. No amendment or modification will deter them from their original determination to antagonize anything that Wilson does.

Borah, for example, announced from the first that he did not want to know more about the league proposal than he then knew, and that no matter "if every man, woman and child in the country" were in favor of the league, he was against it and would remain against it to the bitter end.

And Borah is a type of the Reed-Poland element who will stand against any kind of a league of nations, good, bad or indifferent. Senator Lodge, on the other hand, admitted, when pinned down in his debate with Dr. Lowell a few days ago, that "I hope from the heavy (the league constitution) will be amended—I hope we shall have a league in proper form, properly prepared."

If Senator Lodge is sincere he will support the amended plan, and so will other senators who have taken the same position.

At any rate, those who are wearing masks will soon have them pulled off, and the motive back of each senator's attitude will soon be exposed.

Spirit of the Press

Their Views Too Wavering.
Without presuming to say what degree of sincerity there is in the act of the Hungarians who throw themselves ostentatiously into the arms of the Bolsheviks, we cannot be blind to the fact that the opportunity—nay, the invitation—was offered by the delays and the vacillations of the peace conference. The delegates have wavered in their judgment. Between ultimatums and olive-branches they have fluctuated about a course that has been such as to arouse uncertainty in the enemy countries and in Russia, while at the same time failing to give public opinion in Allied nations a clear and strong lead. The result has been to leave just such an opening as has now been availed by the Hungarians.—New York Evening Post.

America Always First.

The greatest obligation, the foremost duty imposed on American citizens by their membership in the greatest democracy the world has ever known is to make that democracy a success. They must make the United States in the present and the future as it has been in the past, the best country on earth for men and women to live in, the best country on earth for children to be born in, the best country on earth for men to live for and to die for. Doing this, the citizens of this country will make the mightiest contribution that lies within their power to the welfare of the world. America always, and America always first.—New York Sun.

Allies Will Show Iron Hand.

Gen. Manchin is to be sent to Hungary, and this strongly suggests that something more summary than a "peace" is relied upon to settle the disputes in Eastern Europe. We do not suppose the Allies and America care much about rescuing the Hungarians from themselves. But if the "red" faction has seized authority at Budapest for the purpose of destroying the new states, which the peace conference is called to create, the victors in this war will use force to carry out their program. The attack of Ukrainians and Rumanians upon the Rumanians is supposed to be an effort of the anarchists to break through Rumania and establish contact with the group to which is one of the allies, and Czechoslovakia is a member of the peace conference, and the export of Bolshevikism from Russia must be stopped. (This is a daily record.)

Did You Know
That the most ancient maps that have reached modern times are those which illustrate Ptolemy's geography? Ptolemy composed his system of geography in the reign of Antoninus Pius, about 150 A. D. His materials consisted of all the itineraries prepared by the Romans, proportions of the height of the gnomon and its shadow at the time of the equinoxes and solstices taken by different astronomers, calculations founded on the length of the longest days, and various reports of travellers and navigators. Ptolemy understood the task of comparing and reducing this mass of crude material into one system.

GRANVILLE

(Special to The Advocate.)

Granville, April 3.—The program of Old English country music presented by the Women's Music club, Wednesday afternoon at Monomoy Place, consisted wholly of folk-songs and dances, of ancient origin, most of them going back to the times of Queen Anne, Queen Elizabeth, Henry VIII and some of them as far back as Henry II. These numbers were artistically interpreted by a cast of eight ladies who appeared in costumes almost as ancient and fully as interesting as the music. The folk-songs were given with all their primitive flavor by a double trio consisting of Mrs. Theodore Johnson, Mrs. J. W. Rohrer, Mrs. Ernest Shepperson, Mrs. W. P. Urban, Mrs. J. D. Thompson and Mrs. M. E. Stickney, while the instrumental numbers were rendered by Mrs. C. B. White and Miss Jessie Larkin of Newark. There was a large attendance of members, associates and guests, who thoroughly appreciated this pleasing innovation on the part of the club, especially after the heavy diet of Russian music. The next program will consist of the music of Ohio composers. Guests of the afternoon were: Prof. Eschman, Mr. and Mrs. A. C. French, Mrs. L. H. Cammack, Mrs. Harriet Johnson of Huntington, W. Va., Mrs. J. H. Scott, Mrs. Robert McCutcheon, Mrs. Fred Burton, Mrs. Norris, Miss Mary Jones, Mrs. Charles Lucas, Mrs. E. M. Jones, Miss Bancroft, Miss Eva Robinson, Miss Anna Inglis, Miss May-Neill. At the business session the club voted to join the Community Federation of Granville women.

Following Miss Frances Henry's recital Wednesday evening, Prof. and Mrs. Eschman, Prof. and Mrs. Barker, entertained with an informal "chaffing dish" party at the Eschman home in Huntington, in compliment to that brilliant pianist. Other guests were Mrs. Henry, President and Mrs. Chas. Carlson, Dr. and Mrs. May and Mrs. Soule, Mrs. W. H. Johnson, Mrs. Johnson, Miss Brown and Mrs. Case.

Kappa Phi society is entertaining its members and friends at its after-dinner social in the chapter house.

A large number of Granville club women are attending the 10th annual convention of the Central district federation held in Newark today in the First Baptist church.

The annual dinner and business meeting of the First church of Granville will be held this evening in the chapter house of the church. All members are expected to be present. Dinner at 5:30.

The P. O. Sisters are to serve a chicken supper at 5:30 this evening in the Kings' Parlor rooms.

Clarence McDonnell, Mgr. Zanesville Store

LOUIS OSTROV & J. NOBIL ARE GOING TO REORGANIZE THEIR ENTIRE CHAIN OF STORES UNDER ONE COOPERATION

This means operating the same as any other big jobber. Receiving large quantities of goods direct from the manufacturers, with the middle man's profit cut out. We can give you bigger and better bargains than ever.

J. NOBIL, President.
In the Shoe Business Since 1890LOUIS OSTROV, Gen. Mgr.
Vice President and Treasurer.

WE MUST REDUCE OUR STOCK BEFORE THE ORGANIZATION CAN BE COMPLETED

Our inventory shows too much stock in this store. It must be reduced before the new organization can start work. Our low prices will make short work of this surplus stock. The bargain chain of stores are the originators of true bargains. L. Ostrove and J. Nobil—15 years ago opened Akron's first Bargain shoe store with the view of operating on the base of small profit and large volume. From this one store has grown the present chain of large stores in various Ohio cities. Newark being one of the lucky cities to have one of their stores.

H. S. Burger, Mgr. Canton Store

S. Welmershirck, Mgr. Findlay Store

Simon Conen, Mgr. Marion Store

THIS is a Big Opportunity for You to Buy Your Easter Footwear during this great re-organization shoe sale at prices that dealers who operates a single store pays more for the same shoes wholesale. ALLIES REPULSE SUPERIOR FORCE

Armies In Northern Russia
Break Up Assault of Bol-
shevists Who Become De-
mobilized.

(ASSOCIATED PRESS TELEGRAM)
Archangel, Tuesday, April 1.—Re-
peated Bolshevik attacks along the
front line and both the right and left
flank positions controlling Odozinskaya
were repulsed today by allied forces.
The Americans, French, British and
Russians who, either separately or to-
gether, are holding positions throughout
this territory, which is a little over
one hundred miles south of Archangel
have everywhere held their lines intact.
The Bolsheviks in spite of their heavy
losses yesterday attacked the railroad
front south of Odozinskaya at 10 o'clock
this morning but they failed. Allied
forces east of Bolshaya Ozerka where
Americans, Russians and British are
fighting were under attack all day yes-
terday at a point about 15 miles west
of Odozinskaya and four separate as-
saults were made there again early
this morning. All broke down under
the allied fire. According to Bolshevik
prisoners, the enemy is somewhat de-
moralized because of his heavy losses
during the past two days.

On the Seletzkoe sector 40 miles east
of Odozinskaya, the allied advanced
posts were attacked by a strong enemy
patrol this morning but the Bolsheviks
were driven back by a machine
gun fire, losing two killed and a num-
ber wounded. Seletzkoe protects the
allied flank along the Odozinskaya front
and the right flank of the allied river
front positions.
On the Onega river west of Bolshaya
Ozerka the enemy yesterday shelled the
village of Kleshevo, which is held by a
Russo-British garrison. In this terri-
tory enemy outposts were driven back
at Piluk and the allies captured two
prisoners. The allied troops are tired
and outnumbered but are fighting a
stubborn defensive battle in the snow
which is rapidly showing signs of a
thaw under the warm sunshine. The
days are now longer than the nights in
this region.

MORE OHIO WOUNDED RELEASED AT SHERMAN

(ASSOCIATED PRESS TELEGRAM)
Camp Sherman, April 3.—Six hundred
and seventeen soldiers were discharged
from the service at Camp Sherman to-
day. Twenty six were from Cincinnati,
78 from Cleveland, 33 from Columbus,
two from Akron, 41 from Youngstown,
16 from Indianapolis, eight from Pitts-
burg, seven from Buffalo, 12 from Fort
Wayne, five from Fairfield, and seven
from Detroit.
Sixty seven wounded soldiers arrived
at the base hospital today from New
port News. The following soldiers from
central Ohio were with the detachment:
Jack Bush, Coshocton; John Touvell,
Cambridge; Chris Jensen, Columbus;
George McCune, Newcomerstown.

PLAN WORLD WIRELESS TELEPHONE SYSTEM

(ASSOCIATED PRESS TELEGRAM)
New York, April 3.—Plans for a
world-wide wireless telephone system
are being considered by the General
Electric company, according to a state-
ment by Ernest F. Alexanderson, con-
sulting engineer of the company in an
address here yesterday before the In-
stitute of Radio Engineers.
Mr. Alexanderson declared that two
devices invented by him—the bridge re-
ceiver and the barrage receiver—would
make possible introduction of such a
system so that business deals could be
transacted in a few minutes by persons
thousands of miles apart.

WORLD REPUBLICS ARE INCREASING; 29 NOW

Paris, March 27.—The world is fast
becoming republican. Before the war
monarchies and republics were about
equally balanced. Now there are 29
republics as against 21 monarchies
counting Germany, Austria and Russia
as one republic each. The number of
republics will still be augmented by
several new states that are now in
course of formation.
The largest republic is China with
four hundred million inhabitants the
smallest San Marino, which has only
11,000 citizens.

1400 ITALIANS NOW ANXIOUS TO RETURN

(ASSOCIATED PRESS TELEGRAM)
New York, April 3.—At least 2,800,
000 real American dollars in the money
belts of 1,400 Italians booked to sail on
the liner President Wilson for Trieste
are being held in port here by the har-
bor strike, at a cost of \$2,100 a day to
the Union Navigation company which
has been unable to start the vessel on
its way for lack of tug.
This amount of gold represents the
savings of years of toil in America.
Each of the 1,400 passengers eager to
return to Italy after the war, has at
least \$2,000 in his possession.

IT'S NOT YOUR HEART; IT'S YOUR KIDNEYS

Kidney disease is no respecter of persons. A majority of the ills afflicting humanity today can be traced back to the kidneys. The kidneys are the most important organs of the body. They are the filters of your blood. If the poisons which are swept from the tissues by the blood are not eliminated through the kidneys, disease of one form or another will claim you as a victim. Kidney disease is usually indicated by weariness, sleeplessness, nervousness, despondency, headache, stomach trouble, pain in loins and lower abdomen, gall stones, gravel, rheumatism, sciatica and lumbago. All these derangements are nature's signals that the kidneys need help. You should use GOLD MEDAL Hair-Lem Oil Capsules immediately. The so-called "healing oil" stimulates the kidneys, relieves inflammation and destroys the germs which have caused it. Go to your druggist today and get a box of GOLD MEDAL Hair-Lem Oil Capsules. In twenty-four hours you should feel health and vigor returning. After you feel somewhat improved continue to take one or two capsules each day, so as to keep the first-class condition and ward off the danger of other attacks. Ask for the original imported GOLD MEDAL brand. Three boxes. Money refunded if they do not help you.

URGES AID FOR NEW UKRANIA

Military Head of New Republic Says Allies Will Make Mistake to Desert Now.

(Associated Press Telegram)
Proskurov, Ukraine, Wednesday, April 3. "The allies will be in the position of leaving behind them the hands of the people who do not come to our rescue," was a statement made to the Associated Press today by Simon Petliura, military and civil head of the Ukrainian republic, a man to see whom the correspondent journeyed for nearly two weeks in automobiles, on foot and by water. The journey led the correspondent among soldiers and peasants who are beleaguered by the outside world to enter Bolshevik or some special sort of "assassins and robbers." Simon Petliura has had many epithets applied to him, of which few are favorable. He is, however, generally regarded as a mysterious person who is usually a fugitive and is looked upon as something between a Mexican bandit and a Moscow convict. He is known by reputation in a vague sort of way throughout middle Europe, as the man who has succeeded in holding a difficult position with surprising tenacity for the past year or more.

You may need a little sulphur

To Help Eliminate and Regulate the Functions of the Body.

Sulphur Tablets a Boon to Woman-kind Who Suffer.

Not only a boon to woman-kind but to men, women, boys and girls. Sulphur Tablets have proven to be the simple, mild but most effective, in the overcoming of conditions primarily due to constipation and inactive kidneys. Women suffer periodically, at such times suffer in silence, when if they could only know that the sulphur, cream of tartar and herb extracts in Sulphur Tablets would surely bring relief, there would be millions made happy and free from headaches, backaches, languor, constipation, pimples, eruptions, etc., due to accumulated poisons in the body. Mrs. E. Thelan, 189 Cambridge street, Boston, writes: "In reading your good advice to others I have found relief. I was troubled with backaches, headaches and dizziness, so I started to take your Sulphur Tablets which gave me great relief. May your good work go on, etc." Sulphur Tablets are very, very good and sold by all druggists, at 50 cents per tube.—Adv.

QUITS CATHARTICS— INTERNAL BATHS RELIEVED PERMANENTLY

Mr. Joseph A. Weis, Hotel Vendome, Washington, D. C., writes Tyrell's Hygienic Institute of New York as follows: "On the 15th of June, 1915, I purchased a J. B. L. Cascade. The results it has produced are simply marvelous. For 20 years I used cathartics, but have used nothing but the Cascade for almost a month. I feel like a new man; I want to be pleasant to everybody. Before I used the Cascade I was a grouchy. Did not like anybody and could not be pleasant."

If you bathe internally with the "J. B. L. Cascade" you will find yourself always bright, confident and capable. Poisonous waste in the lower intestine makes us bilious, blue, dull and nervous. Internal baths are Nature's own cure for constipation—just antiseptic warm water properly applied. Drugs force Nature—the "J. B. L. Cascade" gently assists her.

It is the invention of Chas. A. Tyrell, M. D., of New York, who specialized on Internal Bathing for 25 years, and will be shown and explained to you by the Hudson avenue pharmacy, R. L. Williams, proprietor, 322 Hudson avenue, corner Oak street, Newark, O., who will also be glad to give you free on request an interesting booklet called "Why Man of Today is Only 50% Efficient," which covers the subject in a very thorough way. Clip this out as a reminder, and ask for the booklet the first time you are in the neighborhood.

WIFE SAYS HUSBAND STRUCK WITH FISTS

Gertie Cooper has filed a petition in common pleas court against James E. Cooper. They were married August 23, 1905, and are the parents of two children aged eleven and eight years. The petition alleges that in June, 1918, the plaintiff accompanied the defendant to Newport News where he engaged in government work and while there insisted that the plaintiff take in borders and roomers and as a consequence from four to six men were in the home at various times. That while there he accused her of misconduct with the boarders, that he cursed and abused her, threatened to kill her and assaulted her with his fists. The plaintiff left with the children, going to the home of a brother. She also alleges that on other occasions her husband has assaulted and struck her. She asks for a divorce, alimony and the custody of the children.

MISS HAMILTON NAMED ON HARVARD FACULTY

Miss Alice Hamilton of Chicago and sister, Prof. Arthur Hamilton, well known to many Newark people, has the honor of the first woman to be appointed on the faculty of Harvard university.
Miss Hamilton recently received the appointment and taken up her work. Her brother, who was professor at the University of Wisconsin, has been overseas with the Red Cross, and during his absence, Mrs. Hamilton, (Mary Neah) has been staying at her home here.

CARRY ON!

Uncle Sam is releasing from his service the men who went "over there" to free the world from autocracy. Thousands of soldiers are daily receiving their honorable discharges, their pocket their pay, bid farewell to their comrades and sail forth—citizens.
There is one army, however, which must not be demobilized. That is the army of War Savings Stamp buyers. More recruits are needed to carry on the campaign of readjustment which follows the signing of the armistice.
The army of fighters has achieved its purpose.
The army of saviors must remain in "action."
"Carry on" to a lasting peace under the banner of W. S. S.

Try Mint Jiffy-Jell with roast lamb or cold meats. It is vastly better than mint sauce. Try Jiffy-Jell desserts with their real fruit flavors in essence form, in vials. THEY STAND THE TEST OF HARD WEAR

4275 miles is the distance walked by H. M. Foreman on one pair of Neolin Soles. Mr. Foreman, who is a postman in Allentown, Pa., says "The shoes with Neolin Soles gave me continuous service for 9½ months, during which time I averaged 18 miles a day. Ordinary soles last me about one month."

If you are hard on shoes, follow Mr. Foreman's example and buy them with Neolin Soles. The soles are made by Science to be especially tough and durable. Therefore, Neolin-soled shoes wear a long time, and protect your shoe bills down. Good shoes carry them in many styles for men, women, and children.

And have your old shoes re-bell and with Neolin Soles. Remember—they are comfortable and waterproof, also. Neolin Soles are made by The Good-year Tire & Rubber Co., Akron, Ohio, who make Wingfoot Heels—guaranteed to outwear all other heels.

127 MORE ARE IN SCHOOL THIS YEAR

Monthly Report Shows Increased Enrollment and Punctuality In Grades Improves.

There are 127 more pupils enrolled this year than at the same period last year, according to the monthly report of the public schools issued by Superintendent H. H. Brown. The percent of attendance is not quite so good. Tardiness also shows a slight increase, in the high school and a decided decrease in the grade schools. The following buildings report the best attendance: Conrad, Hadson Avenue, Riverside, Cherry Valley, Texas and Franklin. Two buildings report only one case of tardiness each, Central and Mill.

The teachers' reports show 389 parents and other visitors in the schools during the month. 34 visits by members of the board of education, 71 visits by the superintendent, and 372 visits by the principals of the buildings.

The high school minstrels played to a crowded house on March 27 and 28. Mr. Klopp, who had the high school minstrels in charge, as well as those taking part in the performance are to be congratulated upon the success attained.

The teachers and pupils of central school have formed two "Buddy" clubs. One in honor of Robert D. Kuster and Willis K. Doyle. They were eighth grade boys and withdrew to enlist in November 1917.

There are four weeks more of school this year. The superintendent urges pupils, teachers, and parents to make the closing weeks the best weeks in order to do this pupils should be in school every day.

BRITISH FLIGHT IS DELAYED BY WEATHER

ASSOCIATED PRESS TELEGRAMS
St. Johns, N. F., April 2.—Indications today were that the Sopwith airplane, with which Harry C. Hawker and Lieutenant Commander MacKenzie Grieve, British aviators, plan to cross the Atlantic would not be able to start on April 16, as planned. The ground in the vicinity of their hangar at Mount Pearl, a few miles from this city, is still soaked from the winter snow and early spring rains and several days of sunshine will be necessary before it is dry enough for a machine to run over it.

Mrs. Jessie M. Vanatta received word from her son, Sgt. Burr N. Vanatta, of his arrival in New York Wednesday.
